Hear my mouth speak, see my mind think

Know my spirit tries to pray
E F#m **E/G# A**
Lord we're longing to see you moving
E F#m **E/G# F#m**
Help us as we pray today

Words don't see enough to tell you our desire
G **D** **E**
To see your kingdom come and your light shine

Light of the world would you shine on me

Light of the world would you shine on me

Now I trust you and I ask you
Let your will bedone in me
May your light shine in all the earth and
Let it draw us all to you

Now your glory shines throughout your holy church
And you're our only hope, saviour of the world
